

# SLAIN MAN'S SON NOW IN RICHMOND TO AVENGE CRIME

(Continued from First Page.)  
feels. He was also a promoter of street railways and commercial organizations.  
Some years ago Governor Larrabee, of Iowa, named Mr. Chamberlain as commissioner to appear in Washington, D. C., during the session of the Fifty-first Congress and work for an appropriation for the development of a deep-water port on the Gulf of Mexico. Through his influence Congress appropriated \$2,500,000 for improvements in Galveston, Tex., harbor. The son confirmed this fact today and stated that his father was commissioned by this State to perform many notable services.  
Why the former leading Iowa at-

Phonograph, "I'm Going Back to Califor-  
nia."  
The Star-Spangled Banner.

torney should settle down to end his days in a little two-room frame cabin six miles from a railroad in a sparsely settled county, away from former associates, friends, even the son has not satisfactorily explained. Letters and documents the old man's cabinets and state-ments said to have been made to neighbors indicate that when he ap-peared from his wife he left with her practically all of her fortune.  
Dr. Chamberlain, the brother held in the jail here charged with the murder of his own brother, has been moved to the same cell that was oc-cupied by Henry Clay Beatty, electro-cuted for wife murder. The cell is locked and is removed from a window.  
Sheriff Snyder stated today that the doctor's suspenders and every other article in his cell that might figure in a suicide attempt have been re-moved.

**Doctor's Wife Wires.**  
Nothing has heartened the old doc-tor more than the receipt of informa-tion that his child wife of twenty years had reached Kearney, Neb., safely. He thanked jail officials for the information and stated that he had asked Attorney Murray McGuire, who is temporarily in charge of his case, to write to his wife and one of his daughters by a former wife, who is said to reside with her husband in Council Bluffs, Iowa.

Dr. Chamberlain took his wife to the railroad station on the day pre-ceding the murder and stated that he would follow her later to Nebraska to spend the winter. In a telegram to authorities here, Mrs. Chamberlain ex-pressed surprise at hearing of the murder of the attorney and the accusa-tion against her husband.  
Whether Murray McGuire or Harry M. Smith will defend Dr. Chamberlain in the event he is indicted by a grand jury and held for trial is not definitely known. McGuire, who was first called into the case, stated that since most of his practice was of a civil nature, he suggested that Mr. Smith, who de-fended Henry Clay Beatty, be re-tained.

Both Smith and McGuire have held several conferences with Chamber-lain in his cell. The most significant statement yet made by either was that of Attorney Smith, who declared that "no man could possibly have committed the crime and have been sane."  
This statement is taken by many to mean that an insanity plea will be relied on by the defense in the event the doctor is indicted and the case goes to trial.  
Goodland county citizens are de-manding a special session of the grand jury to investigate the case. They want it speedily disposed of. It is the opinion of Sheriff Masie and other court officials that the case will not be taken up until the December term.

**The Mexican Problem**  
By  
**C. W. Barron**  
Author of "THE AUDACIOUS WAR"  
In 1914, Mr. Barron went to Europe soon after the breaking out of the war, to find its causes and probable duration. His book "The Audacious War" was the first to clearly set forth the hidden motives and the world peace that must ultimately result from their defeat.  
When the Allies' fuel oil base in Mexico seemed endangered, Mr. Barron went to Tampico to investigate the oil situation. He found a larger problem and devoted himself to a study of the ques-tion of what would redeem Mexico. The result is his book "The Mexican Problem."

Don't miss the strong poem, the clear foreword and the illuminating introduction of Dr. Talcott Williams. From these you will learn history and the causes of all wars as you never found them set forth elsewhere.  
Edwin Markham, the poet, writes the author as follows:  
"I have read with interest your volume, 'The Mexican Problem.' It gives a large view of the struggles, the needs, and the possibilities of this sister-land. It is an immense cosmic enterprise—this amalgamating into one nation a people of so many races and tongues, a people that has never got into step with modern progress, a people with no security of life, labor, or liberty. You have thrown light upon some of the dark problems to be worked out by destiny; and you have given an exhilarating vision of what Mexico could be, if—rightly ordered, protected and educated—she took her true place in the sun."

"I agree with you that her salvation must be thru the redemption of 'the man with the hoe' and in the practice of the brotherhood of man. You will agree with me, I know, that life is now left too much to the direction of chance and chaos. Out of the earth comes all our sustenance, and each one should have access to the bounty of this our common heritage. Be the medium the gold, the wheat, the oil, still they are in the ground and labor must turn the product into human use. And when men finally organize a providence in human industry as they have in war, we will discover the Golden Rule as the working principle of life, and God will then have a working-form on earth."  
"You have done a distinguished piece of work in giving us this view of Mexico 'close up.' I wish with you that these United States might be to Mexico as France once was to us, an arm to lean upon and a heart to trust. Our brother-love, better than our bayonets, can help to guide Mexico toward the march of civilization."  
"Again my thanks for your writings."

# ADMIRAL HARMONY, OLDEST ANNAPOLIS GRADUATE, IS DEAD

Rear Admiral David B. Harmony, retired, the oldest surviving graduate of the Annapolis Naval Academy, died at his home, 1623 Massachusetts avenue northwest, today, aged eighty-five.  
Two grand-nephews, Layton and Joseph Miksell, of Bethlehem, Pa., are his sole surviving relatives. Mrs. Harmony died about twenty-five years ago. Burial will be at Arlington tomorrow afternoon at 3 o'clock.  
The late Admiral Harmony was born in Pennsylvania in 1832 and entered the Naval Academy at the age of fifteen, graduating in 1852, at the age of twenty. He served during the civil war in command of several vessels of the fleet, but had reached the age of retirement before the Spanish-American war.  
Admiral Harmony served as chief of the Bureau of Yards and Docks at the Navy Department from 1885 to 1889, and subsequently served for more than a year in command of the Asiatic fleet.  
Ranking officers of the navy on station at the Navy Department will attend his funeral tomorrow.

# SOUSE N MOTOR BOAT COSTS EACH OF TWO MEN \$100

Who would you say was the operator, or driver, of a watercraft—the man at the engine or the man at the wheel—as such to be held responsible for operating it while in an intoxicated condition in violation of one of the provisions of the new Sheppard dry law?  
Judge Malloway, in the District branch of Police Court today cut the Gordian knot squarely in two, and heavily fined both Robert L. Haugh and William Armstrong, of 4112 K street northwest, in the first case of the kind to arise on the Potomac river here.

Under the old law there was no provision covering watercraft. The new law puts the penalty upon the man "in charge." Harbor Master Russell Dean testified that, in his opinion, both men were in charge, as one was steering and the other at the engine.  
Judge Malloway fined them \$100 each. The arrest was made yesterday afternoon by Policemen Totten. The boat was drifting aimlessly about in midstream, but before he could reach it the craft floated up against the seawall, and one man and a woman escaped. Haugh and Armstrong told the policeman that they had been celebrating for three days.

**THE WHOLESALE AND RETAIL PRODUCE MARKET.**  
The following were the prevailing prices at the Municipal Farmers' Produce Market to-day, according to the Washington Post, Nov. 2, 1917.  
Meats, per 100 pounds: \$10.00 to \$12.00.  
Cabbage, per barrel: \$1.00 to \$1.50.  
Carrots, per barrel: \$1.00 to \$1.50.  
Lettuce, per crate: \$1.00 to \$1.50.  
Potatoes, per barrel: \$1.00 to \$1.50.  
Spinach, per crate: \$1.00 to \$1.50.  
Tomatoes, per box: \$1.00 to \$1.50.  
Apples, per barrel: \$1.00 to \$1.50.  
Sweet potatoes: \$1.00 to \$1.50.

**Senators Brave Death To See London Air Raid; Laud British Fortitude**  
LONDON, Nov. 2.—Imminent danger of being wounded by flying shrapnel, United States Senators William S. Kenyon of Iowa, and John B. Kendrick, of Wyoming, remained at windows of their suite in the top floor of a London hotel throughout the latest German air raid. After the raid was over, both Senators remarked that they were glad to have been able to see an air raid at close range, and congratulated the English on the degree of fortitude they displayed.

It was Senator Kenyon who first awoke, aroused by the crash of bombs and guns. He awoke Senator Kendrick, and then both dashed to the windows to get a better view of the spectacle.  
The day after the raid the Senators conferred with Lord Rhodes on the food question, following which they proceeded to the north of England for a visit to the shipyards.

# WALL ST. MARKET STRONGEST OPENING IN YEARS RECORDED.

Gains Range From One to Eight  
Points as Prices Go Up at Faster  
Clip Than They Had Dropped At.  
Proof of Enormous Organized  
Short Selling.

NEW YORK, Nov. 2.—One of the strongest stock market openings in years following limiting of short selling was interpreted by market followers today as proof of enormous organized short selling in both railroads and industrials. Gains ranged from 1 to 8 points.  
The market went up faster than it dropped.  
In the reaction that followed Steel common sold down from 98 1/2 to 95 1/2; Canadian Pacific from 137 to 135; Marine preferred from 101 to 99; and American Sugar from 100 to 97 1/2. General motors sold off from 93 1/2 to 87.  
Indications pointed to a more constructive market when trading quieted. Setting of minimum prices in the Pittsburgh Stock Exchange had no effect here, as Pittsburgh prices apply to local issues.  
Prematurely, market believe the short sales ruling will come after forced selling orders have been executed.  
Trading was quiet in the second hour. Prices were firm, excitement having disappeared.

**THE LOCAL MARKET**  
TRADING PICKS UP ON EXCHANGE HERE.  
Prices Remain Firm, With Increasing Number of Transactions.  
Three Quotation Lots of Capital Traction Change Hands at \$1.  
Bonds Dull.

Trade in stocks was more lively on the Washington Stock Exchange today than for several days. Bonds were dull, and the prices of stocks remained firm, but an increasing number of transactions was recorded.  
The principal sale of the day was three quotation lots of Capital Traction at \$1. Broken lots of American National Bank amounting to twenty shares sold at 150. Ten shares of Continental Trust brought 120. Two lots of ten shares of Merchants' went at 143, a drop of two points, the only change in price of the day. Ten shares of Merchants' Transfer and Storage changed hands at 100.  
Announcement was made today by the board of directors of the American National Bank of the promotion of William J. Waller, now teller of the bank, to the post of assistant cashier. Mr. Waller has been connected with the American National for the past eleven years. He succeeds E. T. Love, who recently accepted a position with the Chase National Bank, of New York.

The Washington Chamber of Commerce is today occupying its new temporary quarters at 611 Twelfth street. The chamber has under consideration either the erection of a Chamber of Commerce building or the purchase of one suitable to its needs. Present building and real estate conditions have delayed the execution of either plan until the local situation becomes more favorable for the establishment of a permanent home.

**TODAY'S SALES.**

**Senators Brave Death To See London Air Raid; Laud British Fortitude**  
LONDON, Nov. 2.—Imminent danger of being wounded by flying shrapnel, United States Senators William S. Kenyon of Iowa, and John B. Kendrick, of Wyoming, remained at windows of their suite in the top floor of a London hotel throughout the latest German air raid. After the raid was over, both Senators remarked that they were glad to have been able to see an air raid at close range, and congratulated the English on the degree of fortitude they displayed.

**THE LOCAL MARKET**  
TRADING PICKS UP ON EXCHANGE HERE.  
Prices Remain Firm, With Increasing Number of Transactions.  
Three Quotation Lots of Capital Traction Change Hands at \$1.  
Bonds Dull.

Trade in stocks was more lively on the Washington Stock Exchange today than for several days. Bonds were dull, and the prices of stocks remained firm, but an increasing number of transactions was recorded.  
The principal sale of the day was three quotation lots of Capital Traction at \$1. Broken lots of American National Bank amounting to twenty shares sold at 150. Ten shares of Continental Trust brought 120. Two lots of ten shares of Merchants' went at 143, a drop of two points, the only change in price of the day. Ten shares of Merchants' Transfer and Storage changed hands at 100.  
Announcement was made today by the board of directors of the American National Bank of the promotion of William J. Waller, now teller of the bank, to the post of assistant cashier. Mr. Waller has been connected with the American National for the past eleven years. He succeeds E. T. Love, who recently accepted a position with the Chase National Bank, of New York.

The Washington Chamber of Commerce is today occupying its new temporary quarters at 611 Twelfth street. The chamber has under consideration either the erection of a Chamber of Commerce building or the purchase of one suitable to its needs. Present building and real estate conditions have delayed the execution of either plan until the local situation becomes more favorable for the establishment of a permanent home.
